Pornography is NOT a victimless crime

The effects of sexual exploitation have been obscured by the Pornography industry and the Mass media.

We continue to observe the proliferation of pornography and specifically it's very alarming growth on the internet. We therefore plan to focus our ribbon campaign on Internet Service Providers (ISPs).

The CWL will be sponsoring a Ribbon Signatures Campaign. On October 18/19 please sign the ribbon of signatures and pick up a white ribbon which we encourage you to wear for the week of October 19 -26.

The signature ribbons will be sent to the chairman of the CRTIC to request them to take some course of action to regulate content on the internet.

By remaining silent we become part of the problem - by speaking out with pen and voice we become part of the solution.
